General Instructions

The Iowa Insurance Division (IID) is pleased to welcome you to the Regulated Industries Unit (RIU) electronic filing process. If you have problems with the electronic filing process, please send your inquiries to: preneed.annual.report@iid.iowa.gov.

All annual reports by Preneed Sellers and Sales Agents are due by April 15.

All Preneed Seller and Sales Agent licenses expire annually on April 30.

Before you log into the RIU Portal, have your CSV File ready:

Using the sales agent Excel template on the IID website:

<https://iid.iowa.gov/documents/preneedsales-agent-template>, create the data submission portion of your Annual Report. Then save the template in Excel using the required file-naming convention: **20XX SA ANRPT Last Name First Name**. Next, save that same file as a CSV file. See page 9 for instructions on saving a file as a CSV file.

Preneed Sellers and Sales Agents must pay their fees electronically. You will need the nine-digit bank routing number that appears on the bottom of your checks and the account number. **The system does not currently accept credit/debit card payments.** The amount due must be paid via an electronic check. For your payment to properly process, please provide the following Originating ID number to your bank so the bank can release any debit blocks present: L426004579. This should be done prior to completing the payment process.

Payment Process:

The Division utilizes a payment platform called Gov2Go. Gov2Go is a payment application exclusively used by government agencies. Gov2Go allows a person to create an account and store payment methods, such as ACH information, with the ability to access these methods at a later time for payment of fees. You will not be required to create a Gov2Go account to pay your fees, but it will be offered as an option.

After completing all required annual report tasks, you will be allowed to pay your fees. Once you review all fees in the first shopping cart, you will push the Payment button and be automatically redirected to the new platform. Select the Pay Now button. You will then follow the prompts using the ACH/E-Check button to pay one-time. Follow the screen prompts to complete payment. You will receive two receipts: one from the filing portal system and one from Gov2Go.

Cautions!

1. If you exit the system before you submit your report the system will save your information until April 15. Any partial filings that have not been submitted will automatically be deleted.
2. If you are in the portal and there is **no activity** for 45 minutes, the system will save your progress and log you out. The system will not save unanswered checklist questions.
3. You must use the Excel Template for your type of entity, provided on the RIU Filing Portal Information Page. If you attempt to create your own template the system will **not** accept it. The template can be used on a Windows or Macintosh operating system.
4. The system will only allow **one** submission of each annual report. If you need to amend or supplement a report that has already been submitted, you will have to contact the RIU. If you have more than one data file, each file must be saved and uploaded with a different title using similar naming convention. Refer to page 3, under General Instructions. **The file should be named as follows: 20XX SA ANRPT Last Name First Name.**
5. When entering dates, the format of the date is MM/DD/YYYY. Do not add any additional spaces before or after the date. The date may automatically appear as #####, it is simply the Excel/CSV file shrinking the columns, but the data is still there. You can expand the column to see the date format.
Note: Leading zeros in the month may drop off; however, the leading zeros in the day must remain (e.g. 3/04/2017).
6. Contract numbers may automatically change to a date format in Excel. If this occurs, you will need to change this column to text format. **This should only be done in this column in the Excel file before saving as a CSV file.**
7. When the payment process is completed the report is automatically submitted. You should log back into the portal to confirm the submission is complete.
8. **Preneed Sales Agents:** Use a CSV file to identify only **new contracts** sold in the current filing year.

Introduction

To submit your annual report, you are required to upload a CSV file. CSV stands for Comma Separated Values. It is a special type of file that allows you to upload your annual report information to the IID Filing Portal. This must be created in Excel. To upload your CSV file through the IID Filing Portal when submitting your annual report, you must first create the file exactly as directed and follow the **special notes** below for it to be accepted as a valid file.

Getting Started

Using Excel, open the preneed_sales_agent.xlsx template file.

When you enter the data in the file, only add the data/information requested. Do not change anything in the column headers on the Excel template provided by IID. If any of the prefilled column headers are changed, deleted or do not appear as expected, the system will not accept your file. **Error message(s) will populate to inform you of any corrections needed. If you are consistently having problems with error messages in the file, you may cut and paste the data into a new template and upload the file again.**

Please do not:

- add formulas
