B. The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Life premiums are recognized as income over the premium-paying period of the related policies. Annuity considerations are recognized as revenue when received. Expenses incurred in connection with acquiring new insurance business, including acquisition cost such as sales commissions, are charged to operations as incurred.

In addition, the Company uses the following accounting policies:

- (1) Short-term investments are stated at amortized cost.
- (2) Bonds not backed by other loans are stated at amortized cost using the interest method.
- (3) The Company has no common stocks.
- (4) Preferred stocks are stated at cost in accordance with the guidance provided in SSAP No. 32, *Preferred Stock*.
- (5) The Company has no mortgage loans.
- (6) Loan-backed bonds, CMO's and other structured securities are stated at amortized cost using the interest method including anticipated prepayments.

Such liabilities are necessarily based on assumptions and estimated and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liabilities are continually reviewed and any adjustments are reflected in the period determined.
- (12) The Company has not modified its capitalization policy from the prior period.
- (13) The Company does not have any pharmaceutical rebate receivables.

(2) The Company has no loan-backed securities with a recognized other than temporary impairment to be disclosed in aggregate as of December 31, 2019.

(3) The Company has loan-backed securities with a recognized other than temporary impairment as of December 31, 2019.

(4) The following summarizes the aggregate unrealized losses and fair values of loan-backed securities with unrealized losses segregated by those loan-backed securities that have been at an unrealized loss position for less than twelve months and those in an unrealized loss position for greater than twelve months.

b. The aggregate related fair value of securities with unrealized losses:

1. Less than 12 Months	\$ -
2. 12 Months or Longer	\$1,822,801

(5) Loan-backed securities primarily consist of residential mortgage-backed securities ("RMBS") and commercial mortgage-backed securities ("CMBS"). The unrealized losses on RMBS are concentrated in the non-agency sector and are primarily due to concerns regarding mortgage defaults on Alt-A and other risky mortgages. These concerns result in some illiquidity in the market and spread widening on those securities that are being traded. The unrealized losses on CMBS are primarily attributable to illiquidity in that sector and concerns regarding the potential for future commercial mortgage defaults. The Company continues to review payment performance, delinquency rates, and credit enhancements within the security structures and monitored the credit ratings of all its CMBS holdings. The Company performs various stress tests on the cash flow projections for its RMBS and CMBS securities and in situations where it is determined the projected cash flows cannot support the contractual amounts due the Company, an other-than-temporary impairment is recognized. In situations where the projected cash flows indicate the Company will receive the amounts it is contractually due and the Company has the intent and ability to hold the securities until recovery of its amortized cost, an other-than-temporary impairment is not recognized.

The Tax Cuts and Jobs Act of 2017 (the Act), which was enacted on December 22, 2017, reduced the US federal corporate tax rate from 35% to 21%. Many provisions in the Act, including the change in corporate tax rate, took effect on January 1, 2018. SSAP No. 101 requires that the effects of a change in tax rate be recorded in the period in which the law is enacted. As of December 31, 2017, we made reasonable estimates of the effects of the tax law change on our deferred tax balances; however, we did not consider our accounting for the tax effects of the Act complete at that time as we had not performed all required computations or fully analyzed or interpreted certain provisions of the new law, including significant revisions to Internal Revenue Code (IRC) Section 807 – Rules for certain reserves. During the year ended December 31, 2018 our accounting for the effect of the Act was completed and although the amount of the reserve transition adjustment and the estimated reversal patterns of the related deductible temporary differences were revised, these revisions had no impact on the net admitted DTA reported as of December 31, 2017.
