SCOPE OF EXAMINATION

This is the regular comprehensive financial examination of the Company covering the intervening period from January 1, 2019, to the close of business on December 31, 2022, including any material transactions and events occurring and noted subsequent to the examination period.

The examination was conducted in accordance with the National Association of Insurance Commissioners (“NAIC”) Financial Condition Examiners Handbook (“Handbook”). The Handbook requires that the Division plan and perform the examination to evaluate the financial condition, identify current and prospective risks of the Company and evaluate system controls and procedures used to mitigate those risks. An examination also includes identifying and evaluating significant risks that could cause an insurer’s surplus to be materially misstated both currently and prospectively.

All accounts and activities of the Company were considered in accordance with the risk-focused examination process. This may include assessing significant estimates made by management and evaluating management’s compliance with Statutory Accounting Principles.

The examination does not attest to the fair presentation of the financial statements included herein. If, during the course of the examination, an adjustment is identified, the impact of such adjustment will be documented separately following the Company’s financial statements.

The examination report includes significant findings of fact and general information about the insurer and its financial condition.

HISTORY

The Company was incorporated on February 7, 1984, under the laws of the State of Alabama. Business was commenced on February 1, 1987, under the name of Southern Fire Insurance Company, Inc. In December 1987, the name of the Company was changed to Interlaken Insurance Company, Inc.

On April 4, 1989, the name of the Company was changed to American Mining Insurance Company, Inc. when CGH Insurance Group, Inc. acquired complete ownership of the Company. On October 4, 2007, the CGH Insurance Group was purchased by Berkley Regional Insurance Company. At the time of the purchase, the CGH Insurance Group had trust preferred debt on its books which precluded the Company from being included in the combined statutory audit of Berkley Regional Insurance Company. In March 2010, the trust preferred debt was paid off. Thus, in late 2010, the CGH Insurance Group contributed its ownership interest in the Company to Berkley Regional Insurance Company, with WRBC remaining the ultimate parent.

On December 10, 2013, the Company was re-domesticated from the State of Alabama to the State of Iowa and concurrently changed the corporate name to American Mining Insurance Company.

Effective January 1, 2019, the Company changed its name to Berkley Casualty Company.
